

CARPET SHARK™

COUNTER ROTATING BRUSHES

The Carpet Shark™ does it all.

Agitation • Encapsulation • Hard Surfaces

Featuring dual brushes belt-driven by high quality motors, the Carpet Shark™ Counter Rotating Brushes operate on carpet and hard surfaces quietly and effortlessly as they lift up dirt and other particles, agitate encapsulation chemical, or scrub deep into tile and grout.

The Carpet Shark™ is available in a 10" and 17" model.

CRB3010

CRB3017

- **User-Friendly**
- **Smoothly glides along carpet and tile**
- **Easy-to-use, foot activated power switch**

Other available brushes:

Stiff Carpet Brushes
10": A966
17": A966A

Tile & Grout Brushes
10": A961
17": A961A

Why is Belt-Driven Better?

Belt-driven brushes provide for a quieter operation and improve the machine's longevity. If, for whatever reason, a belt goes bad, it can be easily replaced at a fraction of the cost.

Included with the Carpet Sharks™:

- Two carpet soft white carpet brushes.
- Set of two renovator attachments to collect debris.
- One flat splash guard.
- Wheel attachment for quick and easy transport.
- Storage tray to protect your investment.
