30 INCH WIDE AREA VACUUM

PACER 30

The Pacer 30 is the smart choice for fast, effective vacuuming of large carpeted areas. Ideal for hallways, lobbies, meeting rooms, and airport terminals, the Pacer 30 vacuums about seven times faster than upright vacuums.

- Save time, save money. Use the right tool for the right job. The Pacer 30 is so much more productive than uprights, that it pays for itself quickly.
- Easy to use. A four-position adjustable handle and self-propelled brush action make it less tiring to use.
- Quiet operation. The "Quietbox" muffles vacuum noise and filters exhaust air for quiet, clean operation. HEPA filters optional.
- Two models:
 - Standard - Good filtration, 99.4% efficient.
 - HEPA - For improved indoor air quality and performance, add HEPA filtration, 99.97% efficient.

Improve indoor air quality with periodic wall-to-wall vacuuming. Remove dust and allergens from carpets making occupants more comfortable.

Printed on Green Seal® certified paper that contains 30% recycled post-consumer fiber.

SPECIFICATIONS

PACER 30

Cleaning Path	30 in (76 cm)
Vacuum Motor	
Quantity	2
HP	1 HP, each motor
CFM	194 (5.5 m ³)
Water Lift	44 inches (112 cm)
Filtration	
Capacity	56 quarts (53 L)
Filter Area	795 in ² (0.51 m ²)
Efficiency (Standard)	99.4% @ 0.3 microns
Efficiency (HEPA)	99.97% @ 0.3 microns
Description	Paper bag in a cloth bag
Input Voltage	120V or 240V
Cord	75 ft, 14-3 SJT (115V) 75 ft, 16-3 SJT (220V)
Overload Protection	17.5 A Breaker (115V) 10.0 A Breaker (220V)
Brush Motor Power	0.33 HP
Brush	
Speed	1725 RPM
Drive	Belt with steel pulleys
Adjustment	5 pile height positions
Construction	Rotomolded Polyethylene
Wheels / Casters	Front, Two 2-in casters Rear, Two 10-in wheels
Sound Level	69 dBA
Dimensions	
L x W x H	44 x 32 x 36 inches 112 x 81 x 91 cm
Weight	
Machine	100 lbs (45 kg)
Shipping	120 lbs (54 kg)
Shipping Class	125
Productivity	19,000 ft ² /hr (1,767 m ² /hr)
Warranty	3 years parts, 10 years on housing

1. The padded handle grip provides increased operator comfort and machine control.
2. The ergonomic four-position handle adjusts to the operator's height
3. The durable polyethylene body won't dent or corrode.
4. A toe pedal makes adjustment to different pile heights easy—five positions to select from.
5. "Quietbox" muffles vacuum noise and filters exhaust air for quiet, clean operation. HEPA filters optional
6. The double-row nylon brush rotates 1725 RPM for self-propelled action and deep cleaning.
7. The compact profile reduces the distance dirt travels from the vacuum intake to the filter bag for more efficient air movement.
8. The handle folds down for convenient, compact storage.
