COLD / HOT CARPET SPOTTER

## RALLY 55/55H

Innovative and maneuverable, the Rally 55 and Rally 55H are ideal for cleaning up between scheduled carpet cleanings. The built-in handle makes the Rally 55 easy to transport to a problem area at short notice.

- Two models available. The Rally 55 is a cold water spotter. The Rally 55H adds a heater for additional cleaning power.
- Easy to empty. The Rally 55 has a detachable recovery tank. Use the molded-in handle to carry the 2.6 gallon recovery tank to the nearest drain when needed.
- Easy to transport. Simply pull out the retractable handle and cart the Rally 55 to the job site. The molded-in handle is placed right in the center, making carrying the Rally 55 up and down stairs easier.

**DO NO HARM™**

Using heated water when cleaning carpet weakens the physical bond between the carpet fiber and the soil. Heated water makes cleaning chemicals more efficient, reducing the amount you use.

Printed on Green Seal® certified paper that contains 30% recycled post-consumer fiber.

## SPECIFICATIONS

# RALLY 55 / 55H

<b>Cleaning Tool</b>	4-in (10 cm) clear carpet spotting tool included
<b>Hoses</b>	8 ft (2.5 m) hoses included
