20" WALK-BEHIND SCRUBBERS

WRANGLER 2016 AE/AB/DB

Improve cleaning efficiency and drive down costs with the Wrangler 2016 series. With more tank capacity than most 20" scrubbers, the Wrangler 2016 stays on the job longer between refills. It is perfect for mid-sized and small jobs where maneuverability matters.

- Built for daily commercial use. The Wrangler 2016's rugged construction ensures it is ready to work when you need it.
- Simple controls. Operated by just a few switches and mechanical levers, custodians can be ready to clean with just a few minutes of training.
- Three models to fit any application:
 - * Wrangler 2016 AE - An A/C powered scrubber with a 75' cord and a pad assisted drive. A cost effective choice for large open areas.
 - * Wrangler 2016 AB - A battery powered scrubber with a pad assisted drive.
 - * Wrangler 2016 DB - A battery powered scrubber with a powered drive system to improve productivity.

DO NO HARM™

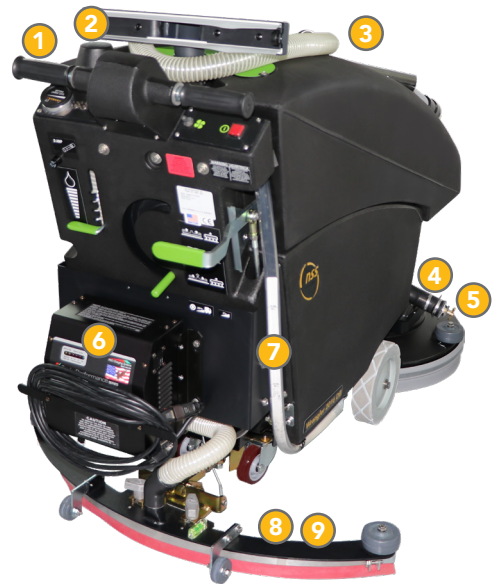

Stainless steel hardware, durable steel framework and heavy-duty rotomolded tanks keep the Wrangler 2016 on the job, and out of the landfill, for years.

Printed on Green Seal® certified paper that contains 30% recycled post-consumer fiber.

SPECIFICATIONS

WRANGLER 2016 AE/AB/DB

Model	2016 AE	2016 AB	2016 DB			
Cleaning Path	20 in (51 cm)	20 in (51 cm)	20 in (51 cm)			
Brush/Pad	1 x 20 in	1 x 20 in	1 x 20 in			
Solution Tank	16 gal (61 L)	16 gal (61 L)	16 gal (61 L)			
Recovery Tank	17 gal (64 L)	17 gal (64 L)	17 gal (64 L)			
Solution Flow Rates	0 to 1.0 GPM, manual valve					
Brush Motor (HP)	0.75 (560 W)	0.75 (560 W)	0.75 (560 W)			
Brush Motor (RPM)	200	200	200

	-	-	560	485	610	535
	-	-	574	499	621	546
Warranty	3 years parts, 10 years on tanks					

1. Ergonomic handle grips and an easy to use twist throttle to control working speed (DB model).
2. The percolator breaks down foam, protecting the vacuum motor from damage.
3. The float shut-off protects the vacuum motor from liquid or foam damage.
4. A solenoid valve near the brush head prevents solution flow when the brushes are not moving.
5. The scrub head lifts and tilts to make pad changes easier.
6. The on-board battery charger allows charging anytime, anywhere.
7. The clear solution tank hose shows the amount of cleaning solution and can be used to drain the solution tank.
8. The 32-inch squeegee swings wide on turns to leave the floor drier. The breakaway design protects the machine and facility if it catches on a surface.
9. (Optional) This scrubber comes with a Linatex squeegee blade. Natural rubber and oil-resistant Urethane squeegee blades are available as after market replacement items.

OPTIONS AND ACCESSORIES

SENTRY Monitor machine use through the internet. Sentry helps you manage your fleet by reporting machine usage, charge cycles and more.

Included with all Wrangler 2016s
Wet pick-up kit (Part 2392129) includes a 2-piece steel wand, 7 ft vacuum hose and a 15" squeegee tool. Vacuum hard to reach areas away from the machine.

ECOSTRIP

Ecostrip 400 pads are coated with a specially formulated diamond abrasive that can remove layers of floor finish without stripping chemicals.

STRAIGHT SQUEEGEE

Straight squeegees have the ability to pick up in forward or reverse. This scrubber can be ordered with a curved or a straight squeegee.
